

Hands-Free Tap Adapter for Water Boilers and Coffee Urns

Secure, Hygienic, Easy

Specially designed hands-free adapter to minimise risk of contact without disrupting service or performance.

Ensure your business is adhering to new standards in hygiene and safety, without the need to replace existing water boilers or coffee urns.

- Does not require an Engineer or any system down-time
- Wing-nut ensures stability and security
- Curved adapter reduces risk of cup lip touching tap
- "Hot Water" message still visible
- Hygienic and easy-to-clean stainless steel
- Hot water does not start to pour until cup is fully under tap
- Compatible with all Marco tap Eco boilers and Marco Jet Urns
